
10 yr Disposal Volume ≈ 13,068 ft³ (484 yd³)

Area Disturbed & Requiring Capping & Monitoring ≈ 50'x 50'x (6' deep)

$$\frac{2^{\#}}{h/d} \times 200\,h \times \frac{7d}{wk} = 2800\,\frac{\#}{wk}$$

$$\frac{2800\,\#}{300\,\#/yd^3\ wk} = 9.3\,\frac{yd^3}{wk} \times (1-0.9) = 0.93\,\frac{yd^3}{wk} \times 52\,\frac{wk}{yr} \times 10\,yr = 484\ yd^3$$

INCINERATION OPTION
