

*** NOTICE ***

TOSHCO EXPANDED COVID-19 PROCEDURES EFFECTIVE MARCH 30

Juneau's cases of COVID-19 are rising steadily. Despite the State issued mandate prohibiting intrastate travel we have continued to observe people flying into Gustavus from Juneau and down south. Those observations have caused us to tighten our restrictions at ToshCo in an attempt to protect the staff, the community and the food supply chain.

Effective Immediately:

- 1) If YOU or ANYONE in your household who is living under the same roof have been outside of Gustavus within the past 14 days, please do not enter ToshCo until your 14 day quarantine has expired. We will shop your orders for you if you email them to: TOSHCOAK@GMAIL.COM
- 2) If YOU or ANYONE in your household who is living under the same roof is exhibiting signs of sickness please do not enter ToshCo. We will shop your orders for you if you email them to: TOSHCOAK@GMAIL.COM
- 3) Until further notice, younger children will not be permitted in the store. Please leave them at home or in the car. We know this sounds harsh but younger children have the tendency to touch all kinds of surfaces and items in the store which can include food items.
- 4) Please try to observe social distancing in the store to the greatest extent possible. We understand ToshCo is tight on space but please do your best to maintain the suggested 6 foot separation between you and other customers and staff.

**Remember to stay at home to the greatest extent possible,
wash your hands often and stay safe Gustavus!**
