

Dear Gustavus community and businesses,

There is a change of documents from documents that were sent out last night.

I understand that many of the businesses have submitted to the state their community workforce protection plan and therefore to ask you to submit a similar form again would be inappropriate.

The city is in the process of requesting a copy of those plans to be posted on the city website for public review.

The community would like to create a document agreement 'Gustavus Covid-19 response plan' that will address Gustavus community concerns and the community will request that businesses acknowledge and consent to an agreement of this plan.

The content language in this plan is a work in progress and we would like your collaboration.

The goal is to find an agreement that both businesses and concerned community members may reach an understanding.

Please find attached a draft response plan.

Many of you had questions with regards to testing. If you could send me an email with specific testing questions prior to the meeting, we may research the answers ahead of time and thus be more informative during the meeting.

I understand that you are all now in the peak of activity and your time is limited however, these are unprecedented times with lives and livelihoods at stake and we must go above and beyond to respect one another. I appreciate the valuable time and energy that everyone is putting in towards a healthy and happy community.

If you did not receive the zoom link to join the meeting, here it is again.  
This is an open meeting for all public opinions.

Thank you - all of you.

Yours sincerely,

Leah Okin
